My Job

I work with children and young people like you to find out what they are good at and what they sometimes find hard.

I use this information to work with lots of different people to try and make the change that you would like to see.

My job is called an 'Educational Psychologist' but please feel free to call me Kelly.

What happens if you do not want to work with me?

If you do not want to meet with me or do any work together, you do not have to! We will only meet or do as much as you would like to.

If you have any questions, you can write them down or ask someone to write them down for you and I will try my best to answer them when we meet

I look forward to meeting you!

See you soon!
